Purpose and Summary

As part of the Department’s review of administrative rules pursuant to Executive Order 10, the Department proposes to rescind all rules addressing the standard Administrative Procedure Act obligations under Iowa Code chapter 17A and adopt the Uniform Rules on Agency Procedure published by the Legislative Services Agency on the General Assembly’s website. This greatly simplifies the County Finance Committee’s administrative rules and is expected to result in more consistent treatment of such issues across the Department’s administrative rules. This proposed Regulatory Analysis rescinds Chapter 6 and then repromulgates the Uniform Rules on Agency Procedure as new Chapter 2.

Analysis of Impact

1. **Persons affected by the proposed rulemaking:**

• **Classes of persons that will bear the costs of the proposed rulemaking:**

The proposed rules do not add costs or burden on taxpayers or the Department. The proposal likely lowers compliance costs on the Department and the taxpayers because of more consistent treatment of such issues across the Department’s body of administrative rules.

• **Classes of persons that will benefit from the proposed rulemaking:**

The taxpayers and the Department will benefit from the proposed rules because of the consistency of the rules across the Department in this regard.

2. **Impact of the proposed rulemaking, economic or otherwise, including the nature and amount of all the different kinds of costs that would be incurred:**

- **Quantitative description of impact:**

The rules as proposed would greatly simplify Chapter 2 by significantly lowering the word count and making it easier for taxpayers to comply with the common rules.

- **Qualitative description of impact:**

Taxpayers as well as Department staff should benefit qualitatively by having a consistent body of administrative rules used to address the Administrative Procedure Act obligations of Iowa Code chapter 17A.

3. **Costs to the State:**

- **Implementation and enforcement costs borne by the agency or any other agency:**

There are no implementation or enforcement costs borne by anyone related to this change in rules.

- **Anticipated effect on State revenues:**

There should be no impact on State revenues. In theory, simplification of the rules could have a positive impact on Department compliance obligation costs, but it should be expected that the potential savings would be quite small in this regard.

4. **Comparison of the costs and benefits of the proposed rulemaking to the costs and benefits of inaction:**

Inaction would not be permissible because this chapter must be addressed pursuant to Executive Order 10. Department rules are necessary to implement Iowa Code chapter 17A, so no alternatives are readily available.

5. **Determination whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rulemaking:**

No less costly methods or less intrusive methods are readily available. This adoption of the Uniform Rules on Agency Procedure is the least intrusive method of proceeding.

6. **Alternative methods considered by the agency:**

- **Description of any alternative methods that were seriously considered by the agency:**

As noted, no alternatives are available.

- **Reasons why alternative methods were rejected in favor of the proposed rulemaking:**

No alternative methods of compliance are available.

Small Business Impact

If the rulemaking will have a substantial impact on small business, include a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rulemaking on small business:

- Establish less stringent compliance or reporting requirements in the rulemaking for small business.

- Establish less stringent schedules or deadlines in the rulemaking for compliance or reporting requirements for small business.

- Consolidate or simplify the rulemaking's compliance or reporting requirements for small business.

- Establish performance standards to replace design or operational standards in the rulemaking for small business.

- Exempt small business from any or all requirements of the rulemaking.

If legal and feasible, how does the rulemaking use a method discussed above to reduce the substantial impact on small business?

The rules as proposed would have no impact on small business other than possibly making compliance costs slightly less.
