

BABA Certification Form
Department of Management, Division of Information Technology

Subrecipient: _____
Contract Number: _____
Project Location(s): _____
Submitted for Fiscal Year: _____
Subrecipient Period: (mm/dd/yy) – mm/dd/yy) _____

The Build America, Buy America Act (BABA), enacted as part of the Infrastructure Investment and Jobs Act, establishes domestic content requirements for iron, steel, manufactured products, and construction materials used in federally funded infrastructure projects. These requirements apply to projects funded under the Broadband Equity, Access, and Deployment (BEAD) Program.

As a condition of receiving federal financial assistance under the BEAD Program (Assistance Listing Number 11.035), subrecipients and developers are required to comply with the Build America, Buy America Act (Pub. L. 117-58, §§ 70901–70927), as implemented through [OMB Memorandum M-22-11](#), [2 CFR Part 184](#), and the [NTIA BEAD Notice of Funding Opportunity](#), including Section VII.B.6. Compliance with these requirements is certified below.

I certify as a Subrecipient/Developer for this contract number that:

1. Domestic Sourcing of Iron and Steel

☐ All iron and steel used in the project are produced in the United States. (All manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.)

2. Domestic Sourcing of Manufactured Products

☐ All manufactured products used in the project are produced in the United States. (The manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.)

3. Domestic Sourcing of Construction Materials

☐ All construction materials are manufactured in the United States. (All manufacturing processes for the construction material occurred in the United States.)

4. Documentation and Recordkeeping:

☐ I understand that I must maintain documentation sufficient to demonstrate compliance with BABA requirements and will provide such documentation to DOM or NTIA upon request.

☐ the information included in the BEAD BABA Reporting – Subrecipient Tracker is complete and accurate from project inception through the date of this certification.

5. Use of Materials and Equipment on Hand:

☐ I understand that use of materials and equipment previously purchased and on hand is NOT allowable.

KIM REYNOLDS, GOVERNOR
Waiver Requests (if applicable):

CHRIS COURNOYER, LT GOVERNOR

Any deviation from BABA's domestic preference must be requested through a [formal waiver](#) and is permissible only when (i) applying the preference would be inconsistent with the public interest, (ii) the item is not produced in the United States in sufficient and reasonably available quantities or satisfactory quality, or (iii) using a U.S.-produced item would increase the total project cost by [more than 25 percent](#); all waivers require federal review and approval and are not self-executing. Please utilize [this template](#).

- ☐ I have requested waivers for any foreseeable deviations for the Build America, Buy America Act.
- ☐ I do not require waivers at this time.
