Purpose and Summary

APPEAL BOARD, STATE[543]

Under the current rules in [543], numerous provisions sought to address concepts covered by the Uniform Rules on Agency Procedure. Guidance provided by Governor's staff has been to use the Uniform Rules wherever possible and to only make minimal changes to those Uniform Rules where necessary. Applying that guidance, the Board plans to rescind existing Chapters 6 and 7 and consolidate those concepts into a single new Chapter 5 focused on the Uniform Rules. The content of the existing Chapter 5 has been added to a new Chapter 4 in another Regulatory Analysis in the 10/30/24 Iowa Administrative Bulletin. This rulemaking rescinds the now-duplicative Chapter 5 and adopts this new Chapter 5 in its place. Chapters 6 and 7 are proposed to be rescinded in another Regulatory Analysis in the 10/30/24 Iowa Administrative Bulletin. The full set of Uniform Rules is proposed to be adopted by the Board, with internal references in those rules updated to reflect the Board's information or otherwise made to incorporate the rules into the board's set of administrative rules. The only substantive provisions retained from current Chapters 6 and 7 relate to fair information practices, where the Board's existing rules were thought to provide a benefit to the Board and citizens over the current Uniform Rules.

Analysis of Impact

1. Persons affected by the proposed rulemaking:

• Classes of persons that will bear the costs of the proposed rulemaking:

Only individuals who submit claims bear costs associated with the rules. The rules provide minimally necessary guidance for those seeking to interact with the Board.

• Classes of persons that will benefit from the proposed rulemaking:

The proposed rulemaking slightly simplifies the existing rules, which benefits the public by removing burdens and easing access to the Board.

2. Impact of the proposed rulemaking, economic or otherwise, including the nature

APPEAL BOARD, STATE[543]

and amount of all the different kinds of costs that would be incurred:

- **Quantitative description of impact:**

The rulemaking would not have a quantitative impact on citizens or any other entity.

- **Qualitative description of impact:**

The proposed rulemaking simplifies the existing set of rules and removes all restrictive words and phrases from the rules, which should provide those who access the rules a better qualitative experience when interacting with the Board.

3. **Costs to the State:**

- **Implementation and enforcement costs borne by the agency or any other agency:**

The proposed rulemaking removes any unnecessary statements in the rules and simplifies the text where possible. There are no additional implementation or enforcement costs borne by any agency because of the updates to the rules.

- **Anticipated effect on state revenues:**

State revenues, as well as implementation and enforcement costs, do not change based on this cleanup of the Board's rules. It is not anticipated that there will need to be any system changes or other changes in policy of any kind.

4. **Comparison of the costs and benefits of the proposed rulemaking to the costs and benefits of inaction:**

Inaction is not permissible because the rules must be addressed pursuant to Executive Order 10. The benefits of the rulemaking should be that taxpayers accessing the Board should have an easier time because the rules will be easier to follow.

5. **Determination whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rulemaking:**

APPEAL BOARD, STATE[543]

All rules were evaluated with the goal of reduction, elimination and simplification of the existing rules. No less intrusive methods have been identified along the way. No less costly alternatives were identified in the process.

6. **Alternative methods considered by the agency:**

● **Description of any alternative methods that were seriously considered by the agency:**

There are no alternative methods. The Board must comply with Executive Order 10. The rules are minimally necessary to provide citizens the information they need to communicate with the Board.

● **Reasons why alternative methods were rejected in favor of the proposed rulemaking:**

There are no alternative methods. The Board must comply with Executive Order 10.

Small Business Impact

If the rulemaking will have a substantial impact on small business, include a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rulemaking on small business:

- Establish less stringent compliance or reporting requirements in the rulemaking for small business.
- Establish less stringent schedules or deadlines in the rulemaking for compliance or reporting requirements for small business.
- Consolidate or simplify the rulemaking's compliance or reporting requirements for small business.
- Establish performance standards to replace design or operational standards in the

APPEAL BOARD, STATE[543]

rulemaking for small business.

- Exempt small business from any or all requirements of the rulemaking.

If legal and feasible, how does the rulemaking use a method discussed above to reduce the substantial impact on small business?

The rulemaking does not have any substantial impact on small business. If anything, the rules will have a benefit to small business in the sense that these new rules will make it easier for small businesses to understand Board rules and coordinate with the Board.
